30 July 1958

STAT

Confirming our telephone conversation of yesterday, and in response to your letter of 28 July to General Cabell, I regret that we are unable to offer you employment with this organization. As Mr. Stewart outlined to you in his letter of 24 July, changes in our personnel requirements have necessitated this step.

As I explained to you by telephone, these circumstances prevent any other decision in the matter. General Cabell has asked that I thank you for your letter and return herewith the papers you sent to us.

Very truly yours,
